### Most Awarded New Zealand Sauvignon Blanc

Our 2023 vintage was named at spot #41, on Wine Spectator's Top 100 Wines of 2024 and has received another 90 point score. As the **#1 Ultra Premium Sauvignon Blanc<sup>1</sup>**, and a **Top 3 Sauvignon Blanc Brand<sup>2</sup>** in the United States, Whitehaven is known for its bold distinctive taste.

### 100% Marlborough, AMW Certified

We source our fruit exclusively from Marlborough, New Zealand, and hold Appellation Marlborough Wine certification, representing the highest standards of viticulture and authenticity in New Zealand. Only 29% of New Zealand wineries have this certification, and **Whitehaven the only AMW-certified top wine under \$20 sold in the U.S<sup>1</sup>.**

### New Zealand Sustainable Winegrowing

As a family-owned wine company, it's our firm belief that we have a long-term, intergenerational responsibility to leave our environment and community a better place for future generations. Whitehaven's vineyards are sustainably managed and certified by Sustainable Winegrowing New Zealand, ensuring every step of the production process is environmentally responsible.

## APPELLATION MARLBOROUGH WINE CERTIFICATION

Whitehaven proudly displays its AMW certification on each bottle that is produced. This emblem ensures the highest quality of wine and sustainability practices. In order to obtain this certification, wines must be sourced 100% Marlborough from grape to bottle and pass an annual blind taste test with Marlborough's board of producers. As one of the few U.S.-distributed wines with this certification, you can be sure that each bottle of Whitehaven Sauvignon Blanc is of exceptional quality.
